

Classic Colour Scumble

A clear acrylic glaze that works in one hour

Polyvine's Classic Colour Scumble Clear Acrylic Glaze can be mixed with emulsion, and is the only one-hour working time glaze.

When coloured with satin or matt emulsion/latex, this beautiful acrylic glaze can be used to produce semi-transparent coloured paint effects.

For best water and wear resistance, allow a minimum of 48 hours before protecting with Polyvine Decorators Varnish (gloss, satin or dead flat).

KEY FEATURES AND BENEFITS
