

Metal Leaf Size

Metal leaf adhesive

Create metal leaf and foil masterpieces with Polyvine's specialist Metal Leaf Size Acrylic Adhesive, suitable for indoor and outdoor use.

Trusted by professional decorators around the world, our Metal Leaf Size Acrylic Adhesive has an extended open time for bonding metal leaf and foils to a variety of surfaces.

When applied thinly, the surface will remain primed for up to 24 hours, allowing large projects to be handled with ease.

KEY FEATURES AND BENEFITS

- ✓ Water-based
- ✓ Low odour
- ✓ Water wash up
- ✓ Easy to apply

APPLICATION INFORMATION

Application tools:	brush
Coverage:	10-15 sqm per Litre
Drying time:	24 hours minimum

AVAILABLE IN

Sizes: 100ml, 500ml and 1 litre

ADDITIONAL INFORMATION

- Seal porous surfaces with a Polyvine varnish.
- Apply thinly using a good quality brush.
- It is important no brush marks are visible as these will show through the metal leaf.
- The size can be diluted with water to avoid brush marks.
- Leave for at least 15 minutes, the film will clear and remain tacky.
- The surface will then be in a prime state ready to receive the leaf.
- This prime state will remain indefinitely.
- It is important to completely cover all the size with the metal leaf, no size should be left uncovered.
