

# EXTRA PALE VARNISH

---

An oil-based, extremely pale varnish that reduces yellowing and preserves the natural appearance of the wood.

Our Extra Pale Varnish is a unique and clear traditional solvent varnish, made with selected resins and oils for an extremely pale colour. This preserves the natural appearance of the wood with a durable, stain resistant film, enhancing and protecting the natural grain of the wood.

Available in dead flat and eggshell, Extra Pale Varnish dramatically reduces yellowing compared with other oil-polyurethane varnishes.

## KEY FEATURES AND BENEFITS

- ✓ Extra low yellowing
- ✓ Multi-surface application
- ✓ Water & abrasion resistant
- ✓ Very good sanding properties
- ✓ Can be used as on fire surrounds
- ✓ Comes in clear or colour
- ✓ Heat & stain resistant

## ADDITIONAL INFORMATION

Always apply to a test area before starting work. Appearance may vary according to the colour, type of surface, and the number of coats.

Avoid applying in cold or damp conditions as this will delay drying.

Dilute 10% with water to prime porous surfaces.

Interior use only.

Do not shake the product.
