

WOOD OIL

Polyvine's Wood Oil is an ultra-low VOC oil, offering deep penetration for surfaces that need a waterproof finish with UV protection.

Based on renewable oils, this unique, UV-resistant oil protection for wood gives a silky-sheen finish and highlights the natural grain of the wood, with no added solvents.

It's perfect for softwood and hardwood timber applications, giving deep penetration for waterproofing and preservation.

Our Wood Oil contains less than 7g/l VOC, compared to the EU industry-accepted standard of 400g/l VOC.

ADDITIONAL INFORMATION

Always apply to a test area before starting work.

Do not apply when rain is imminent.

Timbers containing high natural oils, e.g., Teak and Iroko, may inhibit drying and cause impaired adhesion.

Wiping the surface with methylated spirit will assist penetration.

Wear a suitable face mask if dry sanding.
