

Acrylic Enamels

Whatever your creative project, our Acrylic Enamel Paint range, available in 35 intermixable colours, is the perfect replacement for a traditional solvent-based enamel.

Durable, with a long-lasting finish, they're completely safe for children's toys, and can be applied using a brush or an airbrush. They've been specially developed for easy use, internally or externally, and are non-hazardous and low odour.

KEY FEATURES AND BENEFITS

- ✓ Fast drying
- ✓ Water-based
- ✓ Low odour
- ✓ Water wash up
