

Oil Colourants

To transform any oil-based products, use Polyvine's Oil Colourant. Featuring dense pigments for colouring glaze, paint and varnishes, our Oil Colourant is available in 7 concentrated colours for superior colour saturation. You can use it with most oil-based products – from scumble glaze and stain, through to varnish and interior alkyd paint.

You can colour all of our oil-based products with 10% of oil colourant. Ideal for colouring our All-Purpose Wood Oil.

KEY FEATURES AND BENEFITS

- ✓ Quality colour pigments
- ✓ Easy to mix
- ✓ Vibrant natural woodgrains
