

WOOD DYE

Polyvine's Wood Dye is a quick-drying, light, fast, versatile, water-based dye. It's been formulated to avoid unsightly overlap marks to give an even, lustrous finish. Perfect for interior or exterior use, it can be further protected with a layer or two of clear Polyvine varnish over the top.

Feeling creative? Our colours are fully intermixable, giving you a limitless range of colour possibilities to enrich the wood.

Colours available 500ml: mahogany, teak, walnut, medium oak, antique pine, green, blue, black, white, grey and taupe.

Colours available 1L: walnut, teak, medium oak, light oak and white.

Coverage: 10- 20 sqm per Litre

Drying: 45 minutes

Recoatable: 2 hours

AVAILABLE IN

Finishes: Matt

Sizes: 500ml & 1L

ADDITIONAL INFORMATION

Always apply to a test area before starting work. Appearance may vary according to the colour, type of surface, and the number of coats.

For a lighter shade, the dye may be diluted with water.

Do not apply in direct sunlight.

We recommend protecting with a Polyvine water-based interior/exterior varnish after leaving to dry overnight.

Do not shake the product.
